Hi Phyllis!

I thoroughly enjoyed my time with you in the divorce recovery group. I had a lot of emotions and information to process. Just by showing up at the meetings, I was able to accomplish a great deal. Your group is very supportive and nonjudgmental. I enjoyed all of the participants and we helped each other to move forward in our individual lives.

I will miss those meetings on Friday nights. You were a Godsend. Please stay in touch,

All the best,
Barbara

Hi Phyllis,

I miss your support group. Your support group was instrumental for me. It really helped me to process what I was going through and helped give me the strength to return to California to face what I needed to do. Thanks again for providing me with such great support and insight.

Best,
Barbara
