Phyllis,

Last Friday's support group was once again very deep. I always leave having gained another perspective of looking at this entire mess. Thanks for sharing your pain so candidly and helping all of us heal ours. This support group has been a God send and given me some important tools to work through this difficult time, not to mention the wonderful people I have met there.

Thank you for doing what you do so well.

Petra

You and the wonderful supportive people in this group are continually moving me forward in the right direction. It is truly a place for healing, sharing, growth and new beginnings.

Moving forward with courage and confidence towards better versions of ourselves....
